ProSeries Tax

Connected Customer

To complete your installation, ProSeries needs to perform the following tasks via the Internet. The transmission will occur at this time only.

1. Initialize Internet Connection
2. Verify Firm Information
3. License your products
4. Check for Product Updates
5. Check for New Product Releases

The following data will be transmitted to Intuit via SSL encryption: customer number, zip code, ProSeries product codes, data about your ProSeries software, your firm information and Email address. Only the necessary ProSeries files are downloaded to your PC; Intuit servers never access any other information on your computer. To view the ProSeries Privacy Statement, click here.

 A wall of text can look intimidating and many won't read it, so break it up It's okay to link to other resources for more details, but avoid giving answers that contain little more than a link.. Stick to the topic and avoid unnecessary details Break information down into a numbered or bulleted list and highlight the most important details in bold.. We do that with the style and format of our responses Here are five guidelines: • Keep it conversational. [Muat Turun Al Quran For Java Code Converter Free](#)
