Last but not least, After Dark includes brand new buildings that will help you grow your city, such as a prison, an international airport, and new roads to better manage the road network and all-new bike lanes.. Similarly, it will also be possible to transform your villages into charming tourist destinations with the possibility of assigning and creating a real seaside resort with its volleyball courts, marina, restaurants by the sea.

Now, all we have to do is hope that Paradox Interactive’s developers may be using something less shy for their next downloadable content.. Paradox Interactive offers us to plunge into its city-builder with the first official extension of Cities Skylines, focused on nightlife and its consequences.. All in all, After Dark is still an add-on all that is more honest, with new goals to achieve and enough new elements to immerse body and soul in the best city- builder of the last ten years.. Cities Skylines After Dark expands with After Dark, its first pay extension focused on nightlife.

Stay alert, because at night, the danger lurks, and the crime rate will probably make a few bursts at late hours.. Finally, to transport all this small world, developers have thought to include a network of taxis, with their own budget to allocate.. Full of new settings and new goals, but a game that is always easy once the fold is taken. [Htc Sync Manager Download Mac](#)

For those who have trouble visualizing everything the After Dark extension brings as new items to Cities Skylines, here is the complete list of additions (as a reminder, the day / night cycle is available via a free update): new buildings to unlock, New roads, Cyclists and bike paths, Bus terminals, Prisons, Prisoners, Police cars pick up criminals, Police vans bring prisoners to prison, New areas of activity (tourism, leisure), Night budget to manage, International Airport, Freight Center.. After a great success when it was released in March 2015, Cities Skylines is expanding its horizons with first-ever content and focusing on the nightlife of your metropolis.. The additional worries of nightlife such as over-consumption of electricity or the rise in crime are finally quickly settled thanks to new construction.. And for once, PI did it right: the cities are now shining brightly as the sun begins to set, with many lighting effects and striking skyboxes.. Budget side, After Dark gently upsets the order established by the basic game with new data to take into account, as a budget fully allocated to nights, convenient to control the expenses made during this second day. With After Dark, Paradox Interactive finally adds a day / night cycle worthy of the name to its city-builder, and as surprising as it may seem, it is not necessary to buy After Dark to get it since the various modifications graphics are done through a patch which is meanwhile quite free.. This feature is not available right now Please try again later Cities: Skylines.. Certainly the tourist areas and new buildings bring a little new blood to the formula, but nothing that really deepens it.. The extension takes care of giving the mayors a little more control over their Empire, with new commercial zones to publish, specialized around night bars and other discotheques.. Feel the thrill and the challenges of managing a city balancing needs with available resources. b0d43de27c [export address book from outlook express to windows live mail](#)
