## Pit Stop Program For Mac

If Enfocus PitStop Professional is frozen, you can press **Cmd +Opt + Esc**, select Enfocus PitStop Professional in the pop-up windows and click **Force Quit** to quit this program (this shortcut for force quit works for the application that appears but not for its hidden processes).. About 30 people a day have been using the pit stop since it opened in March, according to city stats.. Select the process(es) associated with Enfocus PitStop Professional in the list, click **Quit Process** icon in the left corner of the window, and click **Quit** in the pop-up dialog box (if that doesn't work, then try **Force Quit**).. **Delete Enfocus PitStop Professional application using the Trash** First of all, make sure to log into your Mac with an administrator account, or you will be asked for a password when you try to delete something.. **How to Uninstall Enfocus PitStop Professional Application/Software on Your Mac** Unlike the software developed for Windows system, most of the applications installed in Mac OS X generally can be removed with relative ease.. Despite that, you should also be aware that removing an unbundled application by moving it into the Trash leave behind some of its components on your Mac.. Alternatively you can also click on the Enfocus PitStop Professional icon/folder and move it to the Trash by pressing **Cmd + Del** or choosing the **File and Move to Trash** commands.. Open the Finder, go to the Menu Bar, open the "Go" menu, select the entry:|Go to Folder.. For the applications that are installed from the App Store, you can simply go to the Launchpad, search for the application, click and hold its icon with your mouse button (or hold down the Option key), then the icon will wiggle and show the "X" in its left upper corner.

Open the Applications folder in the Finder (if it doesn't appear in the sidebar, go to the Menu Bar, open the "Go" menu, and select Applications in the list), search for Enfocus PitStop Professional application by typing its name in the search field, and then drag it to the Trash (in the dock) to begin the uninstall process.. But if you are trying to uninstall Enfocus PitStop Professional in full and free up your disk space, removing all its components is highly necessary.. For complete removal of Enfocus PitStop Professional, you can manually detect and clean out all components associated with this application.. Thus, different from the program uninstall method of using the control panel in Windows, Mac users can easily drag any unwanted application to the Trash and then the removal process is started.. Appzapper for mac free Click the "X" and click **Delete** in the confirmation dialog.. **Brief Overview of Enfocus PitStop Pro for Mac OS X** Enfocus PitStop Pro for Mac is a handy and powerful application which can be used for editing a PDF file even when Adobe Acrobat Reader does not allow it.. Generally, its additional files, such as preference files and application support files, still remains on the hard drive after you delete Enfocus PitStop Professional from the Application folder, in case that the next time you decide to reinstall it, the settings of this program still be kept.
